The program(s) provides an education aligned with the requirements of high-skill, high-wage (as identified by the State pursuant to section 112 of the Carl D. The program(s) prepares students to pursue one or more certificate or degree programs at one or more institutions of higher education (which may include the eligible institution providing the program) including by ensuring that a student, upon completion of the program and enrollment in such a related certificate or degree program, will receive academic credit for the program that will be accepted toward meeting such certificate or degree program requirements and the academic credit will be acceptable toward meeting such certificate or degree program requirements.

I further commit to:

Providing completion and placement rate data on each eligible workforce program to the Department on an annual basis. *(Note: This will apply until the end of the 2028-29 award year, after which the CCWD would only be certifying placement rates.)*
