Get the keys

TO A BETTER
DRIVING JOB

Great drivers deserve great careers. That's why we invest in the tools, training and support you need to thrive.

Here's how we make it happen:

A commitment to safety

2024 was our safest year yet, with the lowest number of DOT preventable accidents in our history.

Paid training

We make sure drivers hit the road prepared and confident by providing hands-on training, including access to our state-of-the-art driver simulators.

Premium equipment

Our trucks are spec'd with top comfort features like APUs and safety features like collision mitigation and lane departure warning systems.

Career flexibility

If the driving job you hire onto isn't the right fit, our Transfer Team will help you find a different opportunity within the company. Nearly 1,900 Schneider drivers transferred to different opportunities last year that better met their lifestyle needs.
